Email : samoeunchh@gmail.com

PROFILE

Fourth-year Management Information Systems (MIS) student and aspiring Full-Stack Developer with hands-on experience building web applications using Angular, TypeScript, Node.js, and NestJS. Experienced in developing RESTful APIs, authentication, role-based access control, and database-driven applications using SQL and NoSQL databases. Entering my internship semester and seeking a Junior Developer or Internship opportunity to apply my skills, gain real-world experience, and continue growing as a developer.

PROJECT EXPERIENCE

Point of Sale & Inventory Management System

Angular · TypeScript · Tailwind CSS · Node.js · Express.js · MongoDB

- Developed a responsive POS interface using Angular and TypeScript.
- Built reusable components for product cards, shopping cart, forms, dialogs, and searchable selections.
- Implemented product search, category filtering, cart management, quantity control, and stock validation.
- Integrated RESTful APIs for communication between the frontend and backend.
- Implemented sales processing and Bakong/KHQR payment integration.
- Used Git and GitHub for version control.

Dev Learning Platform

Angular · TypeScript · NestJS · PostgreSQL · TypeORM

- Developing a full-stack e-learning platform for course browsing, lesson access, enrollment, and learning progress.
- Built RESTful APIs with NestJS, JWT authentication, and role-based authorization.
- Designed and managed a PostgreSQL relational database using TypeORM.
- Implementing course enrollment, recurring subscription, and payment functionality with Stripe.
- Used Git and GitHub for version control.

EDUCATION

Bachelor of Management Information Systems 2023 - Present

SETEC Institute

High School Diploma (Bac II) 2019 - 2022

Samdach Ov High School
